

DAYAWATI MODI ACADEMY, MODIPURAM, MEERUT

NEWS LETTER

APRIL 2021

HEART TO HEART

Here's wishing you a very Happy New Academic Year 2021-22!

Isn't it amazing to leave 2020 behind? It has been a year of experiential learning for all of us. It taught us to appreciate the little things in life and 2020 will be remembered for the beautiful moments we created with our loved ones.

To all you parents, "A big thank you for your patience and support over this Academic Session. We have had our challenges and triumphs, but through it all, we continued persevering with Rigor, Relevance, and Relationships – the backbone of what makes Dayawati Modi Academy - a truly remarkable school."

A special thank you goes out to all the parents who placed absolute trust in us by sending their children to school, for Face-to-Face learning and a big thank you to the parents who entrusted

their children with us on our virtual learning platforms. While there is no comparison to working with kids in person, it was the best we could come up with under the circumstances and we hope that soon we will all be back together once again on campus. I am so grateful and blessed to be associated with the amazing parents and students here at DMA.

As Principal, I am thankful for everyone who has worked so hard to encourage and support the teaching learning in and out of the classroom, especially our hard working and compassionate faculty and staff members who have made a huge difference in our students' lives. I have seen the dedication and passion they bring to the classroom on a daily basis. Their commitment to the task at hand has been outstanding and our students have been the beneficiaries.

For this and so many other countless acts you take on day in and out, we are all truly grateful.

As we welcome the new academic session 2021-22, I am filled with Hope and Gratitude for the months ahead of us. Hope of a new dawn which brings more opportunities for accomplishments and reasons to celebrate those accomplishments. I remain in the attitude of gratitude and thank the Lord Almighty for keeping us protected, safe, and healthy.

I pray to God that this year will be kinder to all of us, bringing prosperity to the whole world, creating abundance and shining its' brilliance on us.

ACHIEVEMENT & RECOGNITION

Shrey Sinha of class XII (2020-21) has been shortlisted among the **top 50** participants for **IDEATHON STIP 2020** for his idea submitted as part of the track 1 public consultation of India's new **Science Technology and Innovation Policy (STIP)**. It is a landmark policy initiative flagged off jointly by the Office of the Principal Scientific Adviser to the Government of India (Office of PSA) and the Department of Science and Technology (DST). Congratulations and all the best to him for future.

WORLD HEALTH DAY

World Health Day is a global awareness day that is celebrated every year on **April 7th** to commemorate the founding of the World Health Organization. The WHO uses their anniversary not only as a day of celebration, but as an opportunity to highlight a current global health priority. This year students learnt how nutrition affects the health and how eating the proper food or balanced diet can not only make us feel better but also keep us healthy. They cooked nutritious dishes and also highlighted the nutritional value of the dish.

EARTH DAY CELEBRATION

April 22, 2021 marks the 51st anniversary of Earth Day. The day is about raising awareness about the importance of protecting our planet and taking action. DMA(primary wing) celebrated EARTH DAY with various activities. Children recited short poem related to earth day, made placards on 'Save Earth' and turned plastic containers into Green house or planters.

WORLD BOOK DAY CELEBRATION

The students of Dayawati Modi Academy (primary wing) are constantly exposed to a variety of enriching experiences both in the field of academics and co-curricular activities. The school always commemorates special days that are celebrated on a global platform. One such event was the 'World Book Day' that was celebrated with great enthusiasm and lots of activities like bookmark making, dress up as favourite character, pictionary and rearranging bookshelf on **23 April 2021**.

ART & CRAFT

CARICATURE ART

A caricature is a rendered image showing the features of its subject in a simplified or exaggerated way through sketching, pencil strokes, or through other artistic drawings. Students enjoyed making caricatures of various famous personalities and shared pictures with the class teachers.
