## NEWS LETTER

DEC - 2021

### HEART TO HEART

***Gurudev Rabindranath Tagore expressed that "The highest education is that which does not merely gives us information but makes our life in harmony with existence".***

We at DMA keeping this spirit of education alive are continuously striving to nurture children into full-fledged personalities. Our aim is to nurture the child into a self-motivated individual. Curriculum and the practices of the school uphold the futuristic vision of the school of "Creating Global Citizens".

This month is the testing time for our students as they appear for Term 1 exam being conducted by CBSE. They will be using OMR sheets to answer the questions. It is a new experience for them but I am happy to say that we have been able to provide them enough exposure to the new system and successful experience in form of the two Mock Tests conducted by the school for this purpose. I wish the students all the best for the Board exams.

I am sure that with a dedicated and wonderful team of teachers, staff, students and the unstinting support of the parents along with the benevolent support of the Management the school will reach to greater heights in the years to come.

### MODI EQUESTRIAN ACADEMY

Horse riding teaches a child to put the needs of the horse and therefore others before their own and develops compassion and empathy. They will learn the importance of discipline, respect and a range of additional skills in a caring and nurturing way. Learning and enjoying the thrill of riding a horse is a spectacular way to engage children in the outdoor activity away from the television or mobile screen too. Making efforts in this direction, Modi Equestrian Academy was inaugurated on 6th December 2021 with the finest German bred horses and expert Riding Coaches. To make the children acquainted with this wonderful sports, expert trainers conducted various workshops on horse riding at the academy.
