

DAYAWATI MODI ACADEMY, MODIPURAM, MEERUT

NEWS LETTER

MAY - 2021

Dear Parents

This session 2021-22 has seen a massive spread of Corona impacting almost all the families. Keeping the safety of children in view the school has commenced with online education w.e.f. 1st April 2021. Online education is the best option to keep the learners' minds engaged in these uncertain times.

We have received the UP Govt. G.O. no. 11/2021/1040/15-7-2020-1(20)/2020 dated 20.05.2021 Ref. G.O. no. 195/AK-11-2020 dt 24.03.2020. It states that the fee of 2019-20 needs to be charged in the session 2021-22. Therefore the fee for all classes has been adjusted as per the G.O. We appreciate and uphold the same as this will provide financial relaxation to the parents. Further to this the Management has decided to waive off the Exam Fee, Sports, Laboratories, Library, Computers, Transport and Activities Fee for the period of online education.

HEART TO HEART

Parents are requested to deposit a monthly fee by 10th of each month without further delay in order to support the teachers and the school. Parents who have already deposited the excess amount will be adjusted in the next month's fee. Parents who have a problem in depositing fee due to a COVID 19/medical issue may submit an application to the Principal to seek permission for late submission of fee.

Since the Management has come forward to provide great relief, parents are requested not to approach for any further concessions / scholarships in the session 2021-22. The fee payable per class for the period of online classes is given here below for your kind reference. Please note that the fee of 2019-20 has been adjusted in the session 2021-22. The additional waiver of activities, exam, Lab fee etc. will be applicable only for the period of online education. The same will be reinstated once the Physical / offline classes begin.

We're committed to taking care of the academics of your ward and our teachers are fully dedicated to this cause. The class wise fee payable is being sent to you separately.

Soliciting your kind cooperation and support.

Please get yourselves vaccinated, stay safe.

With Warm regards

Dr. (Mrs.) Ritu Dewan

Principal

PERIODIC ASSESSMENT – I

Teachers continually assess what pupils know, understand and can do as an implicit and integral part of routine classroom activity. This periodic assessment helps identify strengths and weaknesses in both individuals and groups and enables teachers to prioritise the next steps in teaching and learning. DMA conducted its first online Periodic Assessment for the board classes and other classes in the last week of May from 24th till 31st.

MUSIC LESSON

Vande Mataram is a poem written in Sanskrit by Bankim Chandra Chatterjee in 1870s. On 24th January 1950, the Constituent Assembly of India had adopted "Vande Mataram" as national song. This Saturday, children learnt to sing and play 'Vande Mataram'

LABOUR DAY CELEBRATION

"All labour that uplifts humanity has dignity and importance, and hence should be undertaken with painstaking excellence."

To celebrate this painstaking effort of the labour force, that work tirelessly, the International Worker's Day also called as Labour Day, was celebrated by the students of Dayawati Modi Academy (Primary Wng) on **1st May 2021** with great zeal. Labour Day is a reminder for us that these are the real architects of our society, and they deserve their due respect. Our lovely students celebrated the Labour Day by doing various online fun filled activities like fancy dress competition, collage making and 'when I grow up, I want to be.....'. Grade 5 & 6 students briefed about Labour Day and its importance. The children also expressed their gratitude to all corona warriors.

MOTHER'S DAY CELEBRATION

Mother's day is a special day, for all children and mothers as, it celebrates the bond of love and affection that is everlasting. Mothers are the emotional backbone of the family, who have the magic touch to heal all wounds and make all things beautiful. Our super talented students made the day memorable for their mothers. They enthusiastically participated in a variety of activities such as Mother's day greetings, song performance, poem recitation, jewellery making, cooking and cleaning for Mom to honor and appreciate the mothers. We were truly overwhelmed to see the participation by the students.

KRANTI DIWAS CELEBRATION

Kranti Diwas is observed to remember the historic day of May 10, 1857 and pay tribute to the freedom fighters who sacrificed their lives to liberate their country from the shackles of the British rule. The revolt was no sudden occurrence and was the culmination of a century long resistance to the British rule. To solemnize this historic day, students of the Primary Wing participated enthusiastically in activities. They dressed up as legendary freedom fighters and informed about 'Why Kranti Diwas is celebrated?'. The activities created an aura of patriotism amongst the students.

EID CELEBRATION

EID CELEBRATION

Celebrating multifarious cultures and festivals symbolizes the unity of an international community, which our school takes pride in. To commemorate the occasion of Id Ul Fitr, children made beautiful greeting cards and prepared delicious Eid delicacies. Eid Mubarak!!!

ECO-FRIENDLY ACTIVITY

VALUE BASED EDUCATION

Kindness means to be good to every person around us. Any act of generous service towards other living beings is called kindness. We don't need to be rich to show kindness to others, all you want is the attitude of helping others. We should be kind to all the living beings, be it humans or animals. A kind person is loved and respected by all. Kindness reminds us that there is still compassion and love remaining in the world. Children learnt about this beautiful value through a heart-warming video.

BRAIN GYM EXERCISE

Brain Gym exercises helps to improve neurological function so that areas of the brain are more strongly connected and accessible for any given task. The programme uses developmental movements and provides a level of immediate improvement. Children enjoyed this simple and fun exercise.

PHYSICAL EXERCISES

Regular Indoor activity can help improve bone health and start patterns to keep us at a healthy weight as we grow. Indoor Physical activity makes a difference in physical health and overall development. Encouraging children to develop an active lifestyle should be a priority. Children watched and learnt some indoor exercises

MUSIC LESSONS-MANTRA

Mantra repetition is a powerful tool for yoga practitioners who wish to deepen their study. The idea is to use sound to focus your mind on something bigger than yourself. So this Saturday, children learnt 5 mantras.

CRAFT ACTIVITY
