## NEWS LETTER

JANUARY 2021

### HEART TO HEART

Dear Students,

Greetings for New Year 2021! I know our academics team is doing a formidable job of keeping you up to date on everything you need to know about the coming academic year but, since I did not have the chance to meet most of you in person on campus this term, I wanted to write a short note to welcome you back.

We've been preparing all along to make sure that everything goes as smoothly as possible as classes get underway. It's extremely important to us that we support all members of our school facing challenges and difficulties due to Covid-19. We have pulled out all the stops to ensure that you receive the education and training your parents entrusted us with and will continue to do so. It's been a real team effort with faculty members, staff and students all working together to create the optimal remote learning experience and environment during the current term with COVID pandemic.

I am certain that we have many more achievements to look forward to in the year ahead. We must find ways to stay connected and engaged. If you see something we could be doing better, I want to hear from you. Please feel free to email me directly or, if you prefer, to reach out to your teachers. Let's learn from and support each other as we find our way out of the Covid-19 pandemic.
